Cost: \$5 for food/drinks, plus \$~~5~~ admission into the park

RSVP to John Hughes hughesj@songs.sce.com 949-368-7022

Subject: SONGS and the Environment

Speaker: *Kevin Herbinson*, Senior Research Scientist

Biographical Information:

BA in Biology; MS in Environmental Science. As Peace Corps Volunteer in the '60s Hewas assigned for two years to the United Nations to develop modern fishing techniques in Chile. After returning to the USA He worked for the California Department of Fish and Game for one year then went to work at Edison during the licensing phase for SONGS 2&3. He also helped with development of the SONGS fish protection system. He produces annual reports for state and federal agencies regarding fish loss and impacts on fish populations due to SONGS operations. He is currently conducting studies of lights to help guide fish through the SONGS fish protection system to reduce fish loss. This work is part of the SONGS mitigation program required by the California Coastal Commission. Kevin Herbinson Environmental Affairs Phone: (626) 302-9732 FAX: (626) 302-9730

Directions:

Exit I-5 at the Basilone Road exit and head west. If exiting I-5 from the south, this means turn left on Basilone Road. If exiting I-5 from the north, turn right on Basilone Road. Continue on Basilone Road for approximately 1.5 miles (go straight thru the stoplight) until you see a sign labeled "Parking Lot 4, State Park Access" where you will turn right off Basilone Road. Drive straight thru the next stop sign, past another sign labled "Surf Beach Access" until you get to a gate for the state park. Here you will have to pay \$~~5~~ to enter. Drive into the park as far as possible and park your vehicle. The meeting will be held on the beach at the south end of the park.

\$6
